

SPTK-FTTH-03C

FTTH Tool Kits

NO.	Name
1	Fiber Cleaver
2	Optical PowerMeter-70 to+10dBm
3	Visual Fault Locator 5km
4	Drop Cable Stripper
5	CFS-2 Fiber Optic Stripper
6	Tool Kits Carrying Bag
7	Alcohol Bottle
8	Kevlar Scissors
9	SC for Power Meter
10	Cleaver box

Product Parameter

Tool kit

- 1.Thick cotton pad compartment to protect equipment
- 2.Equipped with a strap for carrying and carrying

Push alcohol bottle

- 1.Suitable for cotton balls, wipes, etc
- 2.Not volatile
- 3.Prevent corrosion and overflow With anti-blowout function
- 4.The solution oozes out at the touch of a button

Wire stripper

- 1.Reinforced type with graduation, can cut the steel wire in the leather thread
- 2.Suitable for 3.1mm*2.0mm leather cable
- 3.Cuttable plastic reinforced metal core
- 4.Used for twisted pair, tight-clad cable, CATV cable

Miller stripper

1. Easy to scratch the coating, no damage to the bare fiber
2. Can strip 125mm fiber loose tube. bare fiber. sheathed fiber
3. Adjustable bite
- 4.Length 165.cm, weight 0.15KG

Kevlar Scissors

- 1.Serrated design of cutting edge can effectively eliminate slippage when shearing Kevlar wire.
- 2.The handle is made of elastic plastic.
Dexterous and easy to hold and operate. Specially designed for shearing the outer layer of optical fiber.
- 3.Long service life
- 4.Length 14cm

Red light pen

- 1.The body is made of metal to prevent damage
- 2.This red light pen uses a laser head
- 3.Easily penetrate fiber Easy to carry and feel comfortable
- 4.Stable performance, strong light source

Wavelength Range (nm)	800~1600
Detector type	InGaAs
Measurement Range(dBm)	-50~+26
Uncertainty 3	+0.15dB
Accuracy	Linear 0.1% or Nonlinear 0.0dBm
Operating Temperature((°C)	-10~+60
Storage Temperature(°C)	-25~+70
Auto-off Time (min)	10
Operating time(h)	≥130
Battery	3 AA1.5V
Weight (g)	200
Dimensions(mm)	152X74X26

Cut angel	$\leq 80^{\circ}$
life of blade	≥ 3500
Size	56*56*43mm
Weight	70g
	98g with box
